Writing

Hello! I'm Zuhk Egor, and I'm writing this letter from Berezovskiy, Kemerovskaya oblast'. Novokuznetsk it's a pretty big city, but it have his own problems. First of all - healthcare. Like in other's city's, healthcare isn't a huge problem, but still is a problem. Pollution's in the air from cars and factories, trash on the ground, and more. How to fix this? Factories must be far from the city, and we can just not use the cars! we can have everything in one place, so we don't have to buy gas, use car at all! I don't have anything to say about education or a culture, it's already good enough to live with it.

Public transport - great idea for those who don't ~~have~~ own a car, but it will be better if bus will be using a electricity instead of gas. That's all. And finally - outdoor sports facilities. Many people just sitting home and doesn't doing anything about yourself. It will be great if it has some more control from government, like having at least one sport interest, like basketball, jossing (athlete), and more, like we need more physical sports at school. I think that's I'm wanted to say. Bye!
